Description: BestRelease S100 is an organic compound, Polyfin solvent base, use to release the form of the shaping product or pouring concrete. To make shaping material and form do not stick together, and easily remove the mold.

Recommended for: Used as form release agent for metal mold, plastics, wood,...in the pouring concrete.
Used as form release agent for shaping the fine art products.

Advantages:

- Anti-stick form optimal.
- Improve the quality of the product surface after shaping.
- Protect the form is not damaged in the process of releasing the shaping material from the form.
- Does not contain corrosive material affect the shaping material as well as form.
- Low viscosity, easy to use.
- Non-toxic.

Technical data:

Existence form: Liquid.

Color: Light yellow.

Density: 0.99 ± 0.02 kg/liter.

Storage conditions: In a cool and dry place, avoid contacting directly with the fire.

Shelf life: At least 12 months.

Package: 5L,25L/ can, 210l/ drum.

Consumption: To metal and plastic form : 20 –30 m² /liter
To wood form : 10 – 15 m² / litter

Conditional surface:	The form surface should be cleaned before applying. Dirt and mud should be washed or cleaned. Grease, oil or old material should be cleaned by proper solvent when using BestRelease S100 first.
Application:	Use a brush, roller, or injector to apply evenly BestRelease S100 on the forming surface before applying the shaping product. Do not apply surplus BestRelease S100, to avoid BestRelease S100 mixing into the shaping material, reducing the quality of the shaping material as well as waste materials. Should apply BestRelease S100 before shaping at least 15 minutes Do not let BestRelease S100 contact directly with the reinforcement of the product.
Cleaning, safety:	Clean all tools and application equipment with a cloth immediately after use. BestRelease S100 is flammable so stay out of the heat or fire Avoid contacting directly food, or instruments of live activity, and keep out of the reach of children. In case of accidental eye contact, wash with fresh water and seek medical advice immediately.
